

MIDHCO

Middle East Mines & Mineral Industries Development Holding Co.

The Story of MIDHCO

Background

Middle East Mines & Mineral Industries Development Holding Co. (MIDHCO) was established in 2007 with an initial capital of IRR1,000 million (approximately US\$100 million), with the objective of developing Iran's mining and mining industries sector and participating in the execution of Article 44 of the Constitution, which stresses upon downsizing of the Government and encouraging the private sector to play a stronger role in Iran's economic sectors.

Our Mission

- Boosting our share value, profitability, satisfaction of our beneficiaries as well as upgrading our global rating.
- Becoming a model for the development of Iran's mining and mineral industrial related companies.
- Boosting our management and technological standards and contributing towards Iran's gross domestic product (GDP).

Fields of Activity

As a holding company, MIDHCO is essentially involved in investing in companies which are active in exploration and mining operations as well as production of chemicals for which minerals have been used as raw materials.

MIDHCO also invests in companies that offer mining and mining industries related consulting, financial and economic, commercial, management and supervisory services, as well as companies which are involved in the development of production plants within Iran or overseas.

Our Vision

Becoming the Middle East most admired company active in the fields of mineral and mining industries, while achieving a world class performance.

Bardsir DR Plant

Our Production Targets

Coal

- Zarand Coke Making Plant 800,000 tpa In operation
- Pabdana Coal Washing Plant 550,000 tpa In operation
- Tabas Coal Washing Plant 550,000 tpa Under Const.

Zarand Coke Making Plant

Ferro Silicon, Lime & Dolomite

- Hamadan Ferro Silicon I
 12,000 tpa
 In operation
- Hamadan Ferro Silicon II
 12,000 tpa
 Under Const.
- Zarand Lime & Dolomite 400,000 tpa Under Const.

Hamadan Ferro Silicon I

Copper

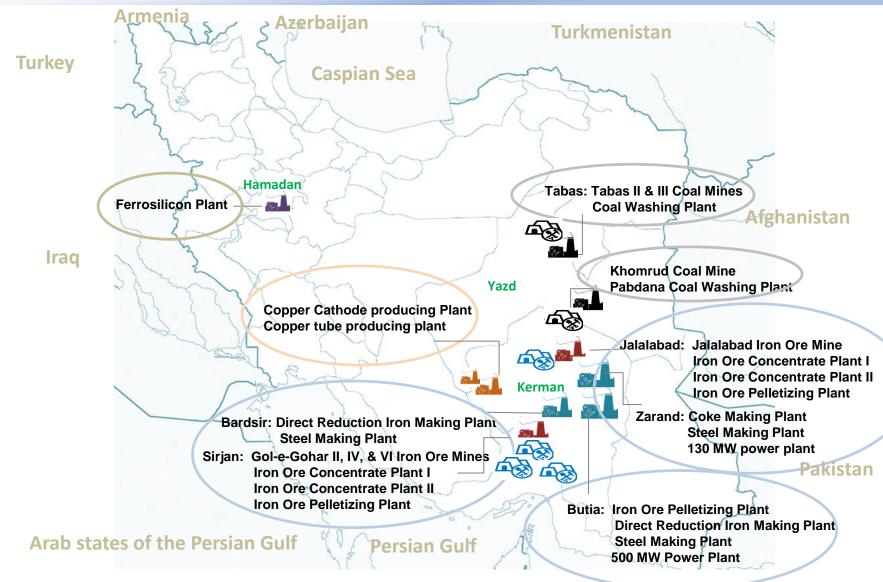

- Shahr-e-Babak Copper Cathode
 - 50,000 tpa Under Const.
- Shahr-e-Babak Copper Pipes 12,000 tpa in operation
